

IK Industrievereinigung
Kunststoffverpackungen e.V.

CERTIFICATE

IK Initiative „Zero Granulate Loss“

undertakes in the framework of self-disclosure

- to create the requisite technical and organisational framework in its operations in order to avoid the spillage of granulate and to ensure that any granulate spilt is not released into the environment,
- to provide training to its employees in the prevention and, should the situation arise, effective elimination of plastic granulate spillage and
- to review the effectiveness of these measures at regular intervals.

The requirements of this certificate shall be reviewed every two years.

Certificate Nr.:

Bad Homburg,

Dr. Jürgen Bruder,
Managing Director

Dr. Isabell Schmidt
